Report created by Site Analytics for <http://www.baby5741.com> on 03-08-10

This report shows visitor behavior on the Web site by showing the page-by-page clickstream of each of the site's visitors. A clickstream is a record of a user's activity on the Internet, including every Web site and every page of every Web site that the user visits, and in what order the pages were visited. The Visitor Path is displayed in its entirety; beginning with the entry page and ending with the exit page.

Report created by Site Analytics for http://www.baby5741.com on 03-08-10

This report identifies the total bandwidth used to download specific files (image, document, template, etc.) from the site by visitors. The report is useful in determining what files within the site represent the largest portion of the total bandwidth usage. The total bytes are calculated by multiplying the number of times the file was requested by the file size in bytes.

Report created by Site Analytics for <http://www.baby5741.com> on 03-08-10

This report summarizes the amount of bandwidth the site consumed (i.e., the amount of data transferred) within the specified date range. Data-transfer values are expressed in kilobytes. The report may indicate whether or not the actual bandwidth required by the site complies with the amount of bandwidth your hosting plan permits.
